Casa del Noce interior layout

These plans show the internal layout for the option retaining the timber floor beams. Furniture and sanitary fixtures identify rooms where the model contains these elements.

Project data

Scope	Project information
Building	Casa del Noce, Chiappella
Design option	F · existing timber floors retained
Drawings	Three floors, plans at 1:75
Issue date	23 November 2026
Printing	Landscape A3 at 100%

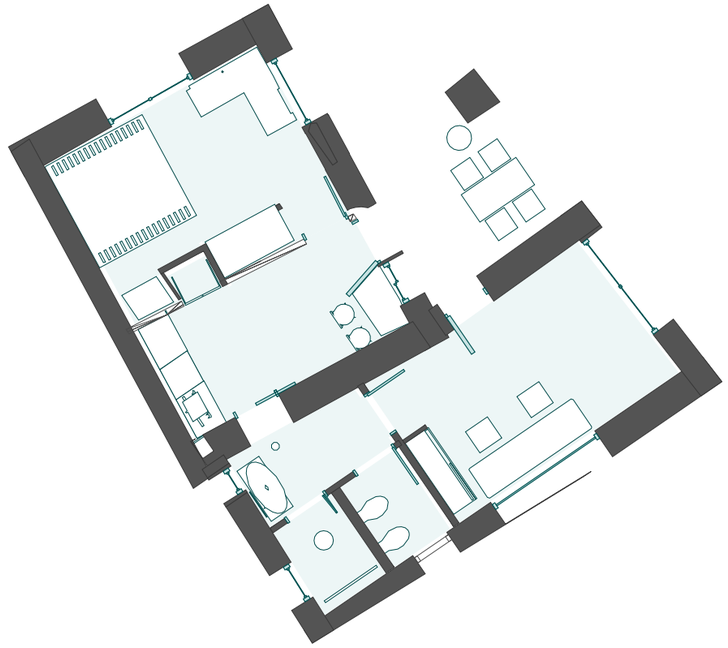
Chiappella project

Preliminary design for review

Areas and uses describe the proposed layout. The appointed professionals must verify planning and health requirements.

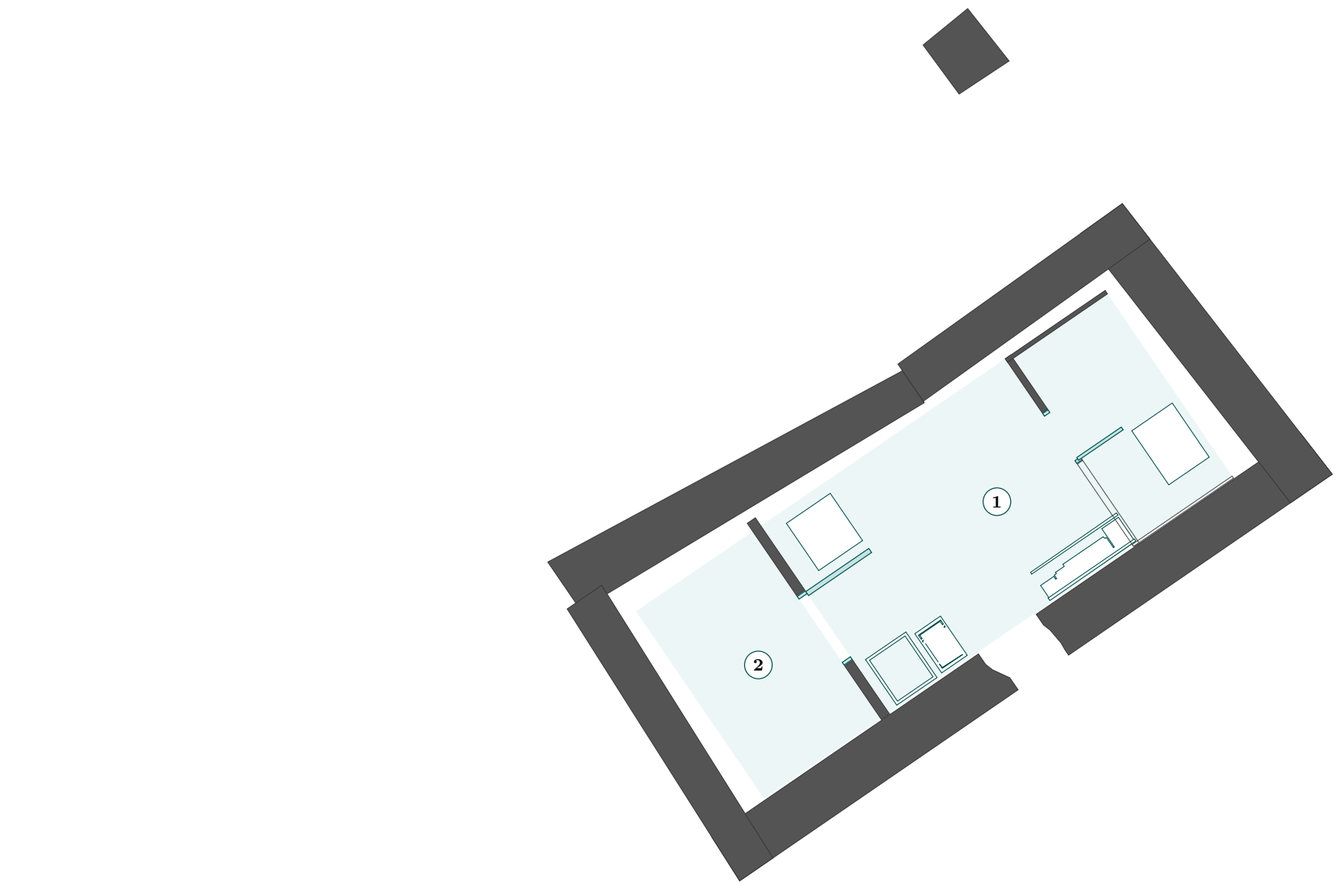
Proposed floor plans



First-floor plan · cover diagram

Lower-ground floor

Casa del Noce · option F · horizontal cut at model elevation 350.77 m · print at actual size, scale 1:75



Dark grey shows masonry and columns in section. Green shows opening frames in section and projected furniture and sanitary fixtures.

Rooms on plan

1 Plant room

2 Proposed sauna and shower

Access and maintenance

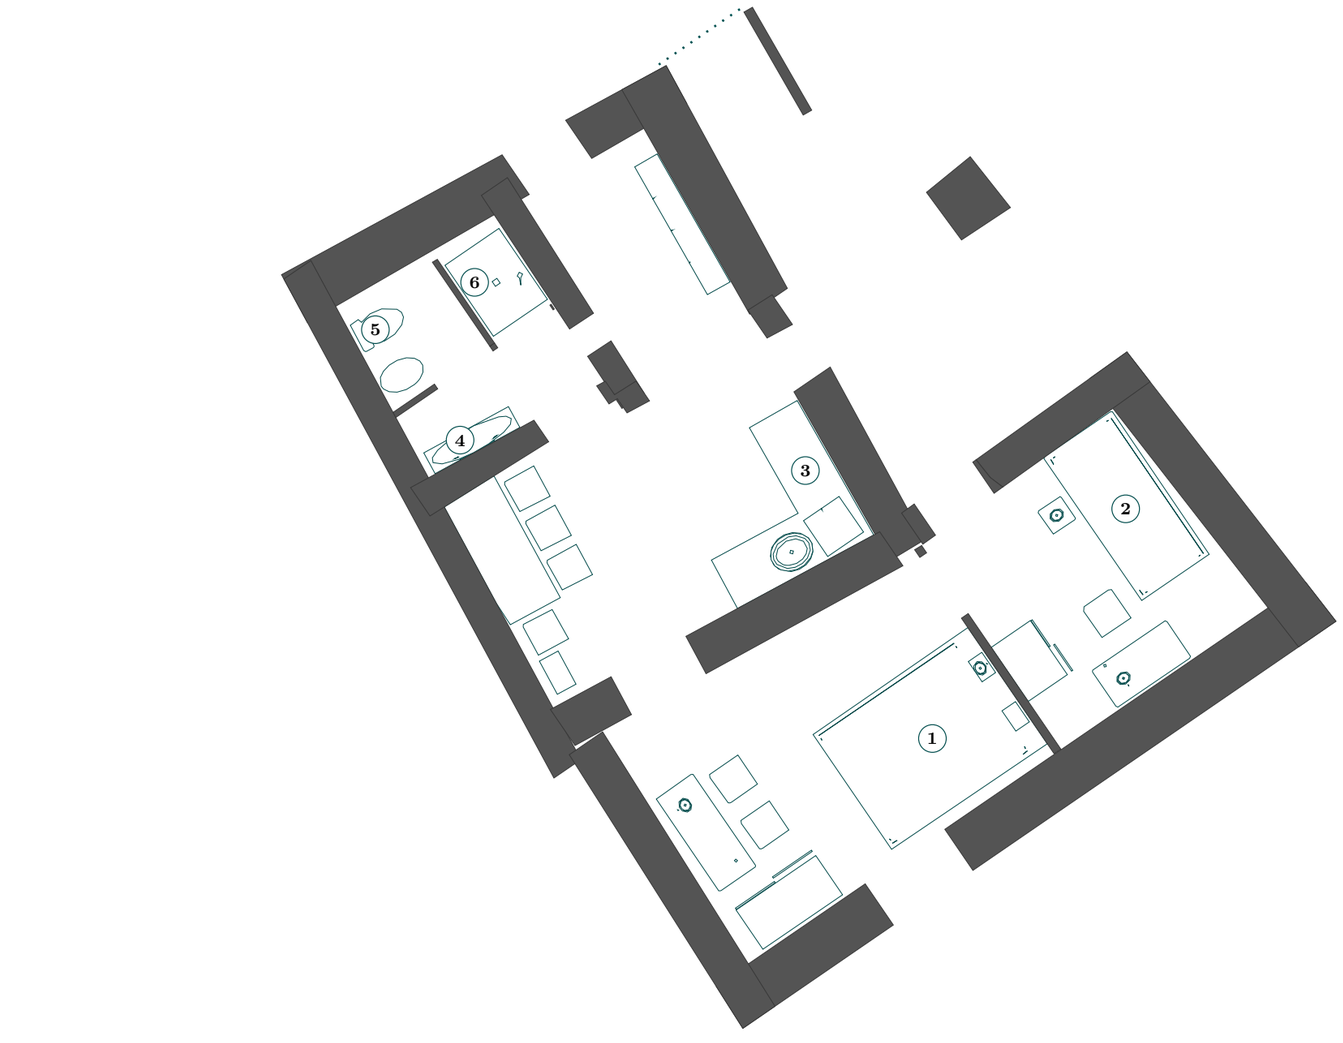
The plant room faces the lawn and covers 14.13 m^2 in projection. The sauna and shower have a separate approach. EC-CHIA-001 covers plant equipment and servicing space.

Reading the plan

Shading marks the two proposed spaces. The section cuts the lower-ground perimeter walls and partitions.

Ground floor

Casa del Noce · option F · horizontal cut at model elevation 352.72 m · print at actual size, scale 1:75



Dark grey shows masonry and columns in section. Green shows opening frames in section and projected furniture and sanitary fixtures.

Rooms on plan

1 Double bedroom
2 Single bedroom
3 Kitchen and living area
4 Washbasin lobby
5 WC and bidet
6 Shower

Split floor levels

The beds in both bedrooms are on the higher floor. The L-shaped kitchen, basin, WC, bidet and shower identify the lower areas. This plan combines both levels in one horizontal section.

Geometric references

The six labels locate modelled furniture or fixtures. Ground-floor room labels have no associated solid from which to measure floor area.

First floor

Casa del Noce · option F · horizontal cut at model elevation 355.53 m · print at actual size, scale 1:75

Dark grey shows masonry and columns in section. Green shows opening frames in section and projected furniture and sanitary fixtures.

Rooms on plan

1 Street-side bedroom
2 Lawn-side bedroom
3 Kitchen and living area
4 Washbasin lobby
5 WC and bidet
6 Shower

Landing entrance

The external stair reaches the first-floor entrance. EC-NOCE-003 details the opening in the stone wall, the column and the existing landing.

Internal layout

The two bedrooms face the street and lawn respectively. The kitchen occupies the central space. The washbasin lobby, toilet and shower are shown separately. The shading follows the IFC volumes of the six rooms.
